

# Introducing SELA's New Virtual Lunch & Learn Series

This series is designed to provide information and explain the benefits of the supports and resources available via ISBE's Technical Assistance Projects. Participants earn one hour of professional learning credit while "lunching" virtually.

SELA's first Virtual Lunch and Learn will highlight:  
**The Illinois Service Resource Center (ISRC)**

**February 10, 2023 - 12:00pm**

**Presenters:** **Cheri Sinnott Springer**, ISRC Director  
**Julie Lenz**, Northwestern Illinois Association  
Deaf/Hard of Hearing Program Supervisor  
**Gerard Bucana**, Parent

The Illinois Service Resource Center coordinates a wide variety of services tailored specifically for children who are deaf, hard of hearing, blind, or visually impaired who also exhibit behavioral, emotional or mental health challenges. This session will highlight progress that has been made this year, current focus, and how to access supports.

Please [Sign Up HERE](#) for the first Lunch and Learn, which will be held at noon on **February 10, 2023**

ISBE's Technical Assistance Projects provide information and guidance on promising practices in educating students with disabilities, oversee numerous statewide training and technical assistance initiatives, administer the comprehensive system of personnel development for special education, and manage grant programs for schools regarding special education.
