

# Illinois Medicaid School-Based Health Services Program Presentation

**March 15<sup>th</sup>, 2023 - 10:00am - 11:30am**

## **Topic**

Important Changes to School-Based Medicaid Reporting

## **Presenters:**

**Peter Gilles**, Manager, Public Consulting Group

**Kim Moore**, Ed.S., IAASE Medicaid Committee Chair/Embrace<sup>®</sup> Medicaid Adviser

**This is a virtual workshop  
A zoom link will be sent to all attendees within 24 hours prior to the event**

This presentation is provided in collaboration with SELA, IAASE, and IASBO. The session will include important updates on the Illinois Medicaid State Plan Amendment, an overview of the NEW Fiscal Year 2022 Annual Cost Report, and a Q&A session.

This Annual Cost Report must be completed and submitted for federal approval by March 31. It will replace the previous annual rate submission. The training will focus on the key components of the financial reporting and certification process. Failure to complete and certify the Annual Cost Report WILL result in the recoupment of ALL school-based fee-for-service revenue obtained by the Local Education Agency/Joint Agreement for FY 2022 services.

The presenters also will cover:

- Information on the new cost settlement process, including how district settlements are calculated.
- Important information on Medicaid transportation billing.
- Impact for use of federal funds to pay Medicaid-allowable expenses.
- Ways to make sure your district is capturing all allowable costs.
- Tips regarding Random Moment Time Study and fee-for-service billing.
