the cornerstone
of growth*

Required: Teacher/Principal Evaluation Academies

Illinois law requires all educators who evaluate teachers and principals to complete retraining every five years. IASA offers academies to strengthen evaluation skills and processes. Done properly, good, professional evaluations offer the best chance for growth and improvement of those being evaluated. Having your evaluators receive the same training and hear the same message at the same time is not only efficient, but it also helps ensure consistency in evaluation processes. IASA has assembled a cadre of veteran educators ready to provide top-notch training.

“The training provided by IASA around teacher evaluation has been nothing short of exceptional. The training has been relevant, timely, and actionable for my staff. I would highly recommend

this training for any district looking to improve evaluation practices to better serve teachers.”

Dr. P.J. Caposey
Superintendent

“Coaching Teacher Evaluators to Effectively Rate Teachers is an outstanding program for teacher evaluators at all levels! Danielson Framework was used to support professional dialogue

between evaluators and teachers to promote effective teaching in a comfortable environment for our team to take risks and improve their practice. The day provided our team with the skills and the confidence they need to promote teaching and learning in their departments as well as the added benefit of having all administrator hearing the same message on the same day. I would encourage all administrative evaluators to participate in this program—you will leave feeling energized by the work!”

Associate Superintendent of Instructional
and Personnel Services

“PBL has taken advantage of hosting various administrator academies on the topic of teacher evaluation. IASA presenters are well prepared,

experienced former practitioners, who are adaptable to district needs. It's imperative to the integrity of our evaluation process that all of our administrative staff receives the same high quality training. This allows us to reflect as a group and feel confident that we can insure a high degree of inter-rater reliability.”
